

BC/NS Discussions on Workforce Development in the Shipbuilding and Repair Industry

November 26th and 27th

Purpose

1. Get a better understanding of each other's roles and mandates (and how they relate to the shipbuilding and repair industry) and to establish lines of communication.
2. Gain an understanding of what initiatives and efforts are in progress or being planned in each province.
3. Identify common areas of interest and identify areas of collaboration and potential initiatives.

Approach

- Begin with having each distinct participating organization/directorate introduce themselves – who, mandate and role, how does it relate to SB&R?
- Industrial Marine Training and Applied Research Centre
- Four areas of discussion
 - Program development related to SB&R industry
 - Delivery of industry related training
 - Stakeholder support
 - NSPS related initiatives
- Identify potential areas of collaboration and next steps
